

Chetco Trash Receptacle

The Chetco's perforated metal, cylindrical shape coordinates with Huntco's traditionally designed Northwest Series site furnishings as well as our modernistic Contemporary Series benches. It provides an attractive solution to trash and litter in public places. The Chetco is 36" high (45" high with dome top) and 24" in diameter. It holds a 32 gallon (or 36 gallon) capacity rigid plastic liner. Linear dimensions differ slightly, depending upon the capacity.

- Constructed perforated steel sheet and solid steel sheet.
- Available with three different tops.
- Mounting: Surface mount by bolting to existing concrete through 4 mounting tabs on the inside bottom of the receptacle or it can be free-standing.
- Choice of three finishes:
 - Powder Coating (weather resistant Polyester TGIC, (6-8 mils thick) in an unlimited range of colors.
 - Stainless Steel, #4 Satin Finish.
 - Thermoplastic Coating (10-12 mils thick) in red, black, green, blue, gray, white, yellow and brown.
